“ *I was a young girl when I met Nina for the first time when she hired me to occasionally baby sit her children. Who knew that one day a child of Nina's would be the mother of three of my nieces. Nina was a woman that certainly knew how to enjoy life and what she had. My condolences to all the family. May your hearts and souls find peace and comfort during this difficult time.*

“ *I love you Granny and you will be deeply missed. I thank you for all the years of my life that you loved and cared for me. As the saying goes "You may have loved me since I was born, but I have loved you my whole life". Tell my mama that I love her and miss her everyday. I hope you two have a grand time catching up.*

“ *Granny bought my first ring it was a ruby. Taught us how shop at the flea market till we dropped and eat the best blooming onions. She made the best spaghetti I ever ate. I remember sitting around her old treasure shop thinking the porcelain dolls she had was real treasure. Teaching us how to be divas.... Watching her put on all twenty rings, make up and perfume. Oh and taking me to get my ears pierced when mom didn't think i was ready. Watching walker Texas ranger because that was her man or touched by an angel until bedtime. We sometimes forget the importance of family or what people mean to us as time passes but I'm thankful for the memories we did have together.*

“ *She had a way to make you feel like you belonged. She always said she had 6 kids and I feel honored to be among the 6. She will be deeply missed. Every mother's day I would call and she was excited to hear from me. I miss my other brothers and sister and I believe mom would tell us all to put aside any differences we may have that separates us and start acting like we are family. I have never stop loving any of them. Always my family; always.*
