“ Tina and I worked together for a while & I liked to call us partners in crime. We had some of the best times at work when Tina was there with me. In fact, she kept me going, always looking out for me. Even though when we haven't seen much of each other, Tina has remained a huge part of my life. She was such a great woman, very very selfless & she often took care of me during the hard times at work. I could go on forever about how great of a person she was & genuinely mean it. She was a true blessing to know. She always put others first even when she was having a tough time. There's not many people I keep so close to my heart for a lifetime but Tina is by far one of them. I just hope she knew how special she was to this world. Im praying that her loved ones. The loss has to be unbearable.

“ Tina (Teda) was a friend from school who got me through some tough times in my life. We had lost touch with each other over the years but I thought of her often.
